You just don't know it
It's getting hard to say, hello
You just don't know it
I'm on the edge of crossing the line

I don't want to blow it and show it
Before you know you're mine
You just don't know it

Oh, you won't see me break
Won't make that mistake, oh no
I'll just walk away
There's too much at stake, right now

I go on and on
Singing this song about you
And that's what's wrong
With this song

Can you feel it?
In the way I looked at you
And girl, can you hear it?
I'm cryin' out inside

I don't want to see you
Be near you
You're a million miles too close

Oh, you won't see me break
Won't make that mistake, oh no
I'll just walk away
There's too much at stake, right now

I go on and on
Singing this song about you
And that's what's wrong
With this song

That's what's wrong
With this song

You don't know the way I feel

So I'll stay alone

Oh, you won't see me break
Won't make that mistake, oh no
I'll just walk away
There's too much at stake, right now

I go on and on
Singing this song about you
And that's what's wrong
With this song

And that's what's wrong
With this song
And that's what's wrong
With this song

Can't you still know it?
