I never thought I would, get it
Never thought I could
Get it like that
Get it like this
Get it like everybody knows
That we got something real, shawty
I know what I feel
So shout it like that
Shout it like this
Listen up, everybody knows
But you, so here it goes

'Cause I never really noticed
Took a while for me to see
Playing back the moments
Now I'm starting to believe
That you could be at the show
And know everyone
But it's you who makes me sing
I may not know where we are but
I know who I am
Baby, I'm your biggest fan,
Oh

Listen, everytime you smile for me
Takes me a while to bring myself
Back, 'cause you're all that
And I just had to let you know
That I'm screaming out in the crowd for you
I can't be too loud 'cause I don't care
I let 'em all stare
I just want everyone to know
The truth, it's only you

I never really noticed
Took a while for me to see (a while for me to see)
Playing back the moments
And I'm starting to believe (starting to believe)
That you could be at the show
And know everyone
But it's you who makes me sing
I may not know where we are but

I know who I am
Baby, I'm your biggest fan

You showed up and you looked so classy
Made me think twice 'bout
The way I was acting
You were there from the start of it all
Like a dream came to life
Now I'm left in all
Star shines but your light is the brightest
Love flies but your love is the highest
You're so sweet that it drives me crazy
A summer like no other,
You're my L.A. Baby

No, I never really noticed
Took a while for me to see (a while for me to see)
Playing back the moments
And I'm starting to believe (starting to believe)
That you could be at the show
And know everyone
But it's you who makes me sing
I may not know where we are but
I know who I am (I know who I am)
Baby, I'm your biggest fan (Ohhh)
Baby, I'm your biggest fan (Ohhh)

That you could be at the show
And know everyone
But it's you who makes me sing
I may not know where we are but
I know who I am
Baby, I'm your biggest fan
