Go, at your own speed  
You don't me to tell you what to do  
And I'll be waiting right here for you  
Just as you left me...  
I should have followed you

And said...  
I Love you more with each breath I take  
If you go than it's my mistake that pushed you away  
I could never watch you leave again  
I will only love you, till the end  
Come back on my request  
You don't need me to tell you what to do  
Just know I need you  
And I know I do, oh how I need you  
To say...

I Love you more with each breath I take  
If you go than it's my mistake that pushed you away  
I could never, watch you leave again  
I will only love you, till the end

Till the end...
