If you could shake back a thousand tears
And you could take back the crosses in your fingers
You would know no better, know better, better that we
We were meant to be together

Spinning freely you could collide
And mercifully, and only, settle
And the gift of union cross breath, and this love, and
this life
You could stay now we were meant to be together

'Cause I still see your face
I still wear that ring
And I will not lie
It's the hardest thing

I still love you, and you don't want me
You don't want me, you don't want me

Bless me father for I am not myself
Kiss me, my love, the right way
'Cause you're all that glitters, glitters, glitters, except
my shame
We were meant to be together

'Cause I still see your face
I still hold that flower
And I will not lie
In that hopeless hour

I still love you
We were meant to be together
Meant to be together

[Incomprehensible]

Hey, hey, hey, no better
Hey, hey, hey, no better
Hey, hey, hey, no better
Hey, hey, hey, no better
Hey, hey, hey, no better
Hey, hey
