I believe in miracles.
I believe all my hearts desires will come true.
I believe in rainbows.
I believe the sun will rise again of this I'm sure.
Have you ever heard a baby cry?
Have you ever seen an eagle fly?
It's amazing to me even though without wings I can fly.
I believe in miracles
I believe there's a light shining within
There's a miracle inside of me.

I believe in angels.
I believe with all my heart although I cannot see.
I believe in miracles.
I believe some day soon the desert will bloom.
Have you ever heard a baby cry?
Have you ever seen an eagle fly?
It's amazing to me even though without wings I can fly.
I believe in miracles.
I believe there's a light shining within
There's a miracle inside of me.

Yeah

I believe in miracles.
I believe there's a light shining within.
There's a miracle inside of me.

Ohhhh

There's a miracle inside of me.
Inside of me.
Inside of me.
