I worship
We worship

I love to worship
I love to worship
I love to worship you alone

I love to worship
I love to worship
I love to worship at your throne

Lord at your feet
I bow my knees
There's no place that I would rather be

I love to worship
I love to worship
I love to lift my hands and praise

I love to worship
I love to worship
I love to sing to the ancient of days

Spirit and truth
My worship to you
All my desire is to do

I love to worship
I love to worship
I love to worship
I love to worship you
(repeat)

As we enter in to your holy place
Beholding the beauty of your face

I love to worship
I love to worship
I love to worship
I love to worship you
(repeat)

I love to worship
I love to worship
I love to worship you alone
