I wait for you
To come around
To want me just the way I want you
Days go by, I need a sign
A look you give the eyes I run to
When I think I can't take it anymore
Every time you make it worthy the fighting for

I lose myself in you and the rhythm
Make your moves that set me free
Hungry for the lesson you're givin'
Life's a dance with you in the rhythm

I hear drums
When we muke love
We feel the heat of sweet surrender
Leave this world, so for behind
A place we go, where we melt together
Night after night it still amazes me
Sacred places that you touch in me

I lose myself in you and the rhythm
Make your moves that set me free
Hungry for the lesson you're givin'
Life's a dance with you in the rhythm

I lose myself in you and the rhythm
Make your moves that set me free
Hungry for the lesson you're givin'
Life's a dance with you in the rhythm

I lose myself in you and the rhythm
Make your moves that set me free
Hungry for the lesson you're givin'
Life's a dance with you in the rhythm
