Surrounded in a moment
A touch of magic in the air
We all are joined together
Anticipation's everywhere
Know the faithful
Come for what they need
One congregation rising on their feet
How I want to be there listening
When the spirit comes
And share a celebration
In the beauty of a song
When the spirit comes
Some people wait a lifetime
To be touched by the light
To be a part of something

Amazing grace, so rare, so right
In the presence some will never feel
Only shines for those who still believe

And I want to be there listening
When the spirit comes
And share a celebration
In the beauty of a song
Lift our voices to the sky
Knowing we belong
And hope that he will stay awhile
When the spirit comes

Where miracles can happen
Our wildest dreams can come alive
Give us inspiration
Guiding our desires
Guiding our desires

And I want to be there listening
When the spirit comes
And share a celebration
In the beauty of a song
And lift our voices to the sky
Knowing we belong

And pray that he will stay awhile
When the spirit comes
When the spirit comes
