It was no accident  
Maybe heaven sent  
Everything worked out just like he planned

Its not my place  
To mess with fate  
You cant control what isn't in your hands

And after all I don't regret a thing  
I want to thank you  
For showing me this life

And after all I don't regret a thing  
Cuz I know you  
And I know you'll, I know you'll be alright

Holding hands  
Making plans  
Forever didn't seem so far away

Hard to think  
It was you and me  
Tangled up together in that frame

And after all I don't regret a thing  
I want to thank you  
For showing me this life

And after all I don't regret a thing  
Cuz I know you  
And I know you'll, I know you'll be alright

And it's hard  
Even when you know it's for the best  
Cuz the whole time you're still asking  
Is it just another test

Its hard  
Even when you know its for the best  
Cuz the whole time you're still asking  
Is it just another test

And after all I don't regret a thing  
I want to thank you  
For showing me this life

And after all I don't regret a thing  
Cuz I know you  
And I know you'll, I know you'll be alright
