They gave me a test to make me the best that I could  
be  
They knew all along that there was something wrong  
with me  
We picked out a spot and made a hole  
Wire and glass and stainless steel  
Now I can imagine how I'd feel

I got a new heart  
I got a new heart  
I got a new heart  
I got a new artificial heart  
It's not a real heart  
It's not a real heart  
It's not a real heart  
It is a real artificial heart

There's blood on the bed but here in my head I'm  
feeling fine  
It's easy to sleep when I'm not buzzing all the time  
So funny the way I was before  
Once I was blind but now I see  
Once I was him but now he's me

I got a new heart  
I got a new heart  
I got a new heart  
I got a new artificial heart  
It's not a real heart  
It's not a real heart  
It's not a real heart  
It is a real artificial heart

You're happy again I nod and pretend to think it  
through  
I don't need to think at all if I don't care for you  
It's not an emergency for me  
I look at the walls and they go clear  
I cover my eyes and disappear

I got a new heart

I got a new heart  
I got a new heart  
I got a new artificial heart  
It's not a real heart  
It's not a real heart  
It's not a real heart  
It is a real artificial heart
