Tell me what you think I've been doing wrong  
Coz' I'm too high to hear what you say.  
Maybe write a letter if it takes too long,  
I won't come Down Today.

Found a pretty girl who loves me true,  
I don't ask why and she won't say.  
I'm about ten miles over you,  
And I won't come Down Today.

I just bought a balloon,  
Me and the girl,  
Takin' a ride.  
Float just under the moon,  
Dumpin' your things,  
Over the side.

If you're gonna leave could you let me know?  
I won't try to make you stay.  
Gonna throw a party on the day you go,  
I won't come Down Today.

I just bought a balloon,  
Me and the girl,  
Takin' a ride.  
Float just under the moon,  
Dumpin' your things,  
Over the side.

Might be comin' home but I don't know when,  
I'm up so high I might float away.  
I don't ever wanna come down again,  
I won't come Down Today.

I won't come Down Today.  
I won't come Down Today.  
I won't come Down... Today.
