Take a boat, take a plane  
Go to London, go to Spain  
Take a train from Amsterdam to Monaco  
Take a loved one if you think  
They enjoy things that stink  
Cause everything is different over there

When you're in Belgium you can eat  
A lot of mayonnaise with your frites  
And no one will say hey that's too much mayonnaise  
Enjoy a German sausage hall  
Eat an Italian meatball  
But I hope you don't want a Twinkie  
Because they don't have Hostess Twinkies over there

Over there you'll never feel at ease  
Cause there's not much soap and there's too much  
cheese  
And everyone wears clogs and rides on trains  
Over there they'll make you regret that you ever  
Saved their asses in World War II  
Don't make me go over there

Cause I enjoy my freedom here  
And I enjoy light-colored beer  
I like to take showers  
And I like to brush my teeth every day  
Twice a day

They say that there's a place in France  
Where the naked ladies dance  
You can find it if you ask around  
And there's a hole there in the wall  
Where the men can see it all  
But the men don't care  
Because they chew their underwear  
And the underwear they chew costs a dollar ninety-two  
And the men go around with their ding dongs hanging  
down

Over there you'll never feel at ease

Cause there's not much soap and there's too much  
cheese  
And everyone wears clogs and rides on trains  
Over there they'll make you regret that you ever  
Saved their asses in World War II  
Don't make me go over there  
No don't make me go over there  
Don't make me go over there
