I thought wed start our evening off with a glass of cold
rose
Then we can sit here on the couch just holding hands
And Ill say that you're beautiful
You might say I'm moving to fast
Baby I don't mind
Because I know in time

You will be soft rocked by me
Though it may take some time I know eventually
You will be soft rocked by me
I use the passive voice to show how gentle Ill be
When I soft rock you
You will know its true
That you've never been soft rocked until you've been
soft rocked by me

Ill listen to the things you say about the way you feel
Ill smile an understanding smile when your boyfriend
calls
And you'll go, but you'll think of me
And one day you'll knock on my door
Because you want to be
Soft rocked by me

You will be soft rocked by me
Though it may take some time I know eventually
You will be soft rocked by me
I use the passive voice to show how gentle Ill be
When I soft rock you
You will know its true
That you've never been soft rocked until you've been
soft rocked by me

Have you ever been in love with a man who's sensitive?
Have you ever spent the night with a man who cries?
Well that's me: I'm sensitive
And I cry, I'm crying right now
In a manly way
Because I know someday

You will be soft rocked by me
Though it may take some time I know eventually
You will be soft rocked by me
I use the passive voice to show how gentle Ill be
When I soft rock you
You will know its true
That you've never been soft rocked until you've been
soft rocked by me
