How do you work this thing?
How do you work this thing?
I've tried and tried, tried and tried
But how do you work this thing?

Maybe you pull this pin.
Maybe you pull this pin.
I've tried and tried, tried and tried
But how do you work this thing?

How do you work this thing?
Come on how do you work this thing?
I've tried and tried, tried and tried
But how do you work this thing?

Maybe you plug it in.
Maybe you plug it in.
I've tried and tried, tried and tried
But how do you work this thing?

How do you work this thing?
How do you work this thing?
I've tried and tried, tried and tried
How do you work this thing?
