[Intro: Too \$hort (& Cutty)]

Nasty bee-yatch (let's go niggaz don't know what to deal a hoe)

You just a tramp hoe

[Chorus: Cutty Cartel]

No I don't like calamari and no I don't eat caviar

But you might catch me exquisit at the bar

You're the finest that I seen thus far

So, won't you come on in, shorty you can bring your friend

Just let me finish off my double shot shot of Henn

We can leave now the sport begins, on you

[Verse 1: Too \$hort]

It's time to fuck baby, jump in the truck baby

Cause I been wantin' to tear yo fine ass up lately

You like your dicks big, you like the way they taste

Don't shoot it let me take it out and cum on your face

I won't waste your time if you don't waste mine

Let's keep it funky and live, just like the bassline

My girl will lick your clit, the bitch is on this shit

Close your eyes you'll swear you're fuckin' in a porno flick

The way you want my dick, you got my thing hard

You got skills, you should win an ABN award

I got my playing card, it's the two of spades

Deuce is wild, check it out, and you was laid

Now we moanin' and groanin' screamin' and hollin'

All them super top notches, yeah, you'll see who they followin'

Big Dog will make you open your eyes wider

Cause this dick is like the big thick pipe piper

[Chorus]

[Verse 2: Too \$hort]

You're such a nasty girl, take them panties off

The way you do it is impossible, I can't get soft

You up your fuckin' like your pussy got a motor

Missionary, on top, from the back, roll you over

You just hupmin' and I keep pumpin'
Then I ride around my body cause my beat's bumpin'
Yeah I know you know, I'm a pimp hoe
And I heard all about you, little nymfo
Pussy like Niagara Falls, they say you love it all
So when I nut, suck my dick, bitch, and rub my balls
Cause I'm nasty too you'd better ask it's true
It's a one time shot, I'm just passin' through
Don't be shy, don't be stingy, don't be holdin' back
And don't get hooked on the dick, like you're smokin'
crack
Just keep doin' what you doin', don't change a thing
And you'll see how much love this pimp game can bring

[Chorus]

[Verse 3: Devin the Dude]

Ain't no sense in frontin' let's go, move something
You know I want some of that pussy girl, why you
frontin'?
You can rub on my nuts, while your friends ain't
watchin'
If you expect a check for some sex, it ain't happenin'
I'm the vagina finder, the cunt collecting king
I'm 'bout to get a platinum penis ring
Your second guess is bitches, and yes or no
You're down with shit, just move around let's go
Damn..you still here, ain't nobody lookin' for ya?
Do you have a home or an apartment or ya
Kinda stay here with the crew, knowin' the shit that we
do
We just frant through, a couple of bitches just like you
Where ya girlfriends? Where ya car at? What's the
damn deal?
Girl you got to leave here for real
I hope you wasn't plannin' to get your stack on
Get up bitch put your panties back on
It's over

[Chorus]
