Don't Need None:

For this fair weather freak show that you call your own  
to the monkey fur pimps with their platinum thrones  
DJ's who all spin their favorite CD's  
yes sir we've got what you need  
yes sir we've got what you need

and the fake yellow men  
as they wipe off their tans  
adjusting their faces and discussing their plans  
for the day of the dance as they play for the fans  
crash thru the gate and surrender their hands to the  
man  
yeah they crash thru the gate and surrender thier  
hands to the man

but you don't need none cuz you got some  
don't need none cuz you got some  
don't need none cuz you got some  
yeah you don't need none and you're better off runnin'  
away

for these sailor suit pirates adrift in their violence  
watching the waves as they wash up beside us  
nobody needs what they think that they have  
nobody cares when they think that they can't  
and nobody reads all the words in between  
but these are the things that we must understand

yeah these are the things that we must understand

but you don't need none cuz you got some  
don't need none cuz you got some  
don't need none cuz you got some  
yeah you don't need none and you're better off runnin'  
away

these centrifugal daydreams and what do you say  
to another excuse as you burn thru the day  
saving your faces for the dirtiest places  
and wasting your space in the game that we all got to

play  
yeah you're wasting your space in the game that we all  
get to play

and you say "I don't need none cuz i got some  
don't need none cuz i got some  
don't need none cuz i got some  
yeah i don't need none i'm better off runnin' away  
yeah i don't need none and i'm better off runnin' away  
don't need none and i'm better off runnin'  
i don't need none and i'm better off runnin'  
i don't need none and i'm better off runnin'  
i don't need none.
