Doubt:

kinda like the way you told me  
it'll be ok and then we  
talked about the weather  
and how nice its been to feel the rain

kinda like the same old feeling  
I know that's your way of dealing  
we shook our heads and laughed  
forgot about all of that

but i recognize you now  
you got past my guard somehow  
let's forget about  
all of that doubt  
all that doubt  
all of that doubt

kinda like the way we always  
talked about our lives like stories  
we may not end up the same  
but everybody plays the game

kinda like the way you'd find us

the next day and you'd remind us  
we'd loose our heads and we'd  
forget about all you said

but i recognize you now  
you got past my guard somehow  
let's forget about  
all of that doubt  
all that doubt  
all of that doubt

kinda like the day i lost you  
i'd like to pay but this just costs to  
much for me and now i think  
i'll buy myself another drink

but i recognize you now  
you got past my guard somehow  
let's forget about  
all of that doubt  
all that doubt  
all of that doubt
