"Shoot To Kill"

Shoot to Kill:

I've been waiting a long time
for you to make your mind
up and we both get this over with

i'm pretending that i'm fine
been dancing on landmines
tasting the salty tear from your lips

You better shoot
to kill
you're the only one close enough
make sure you hit me just
shoot to kill
i'm trusting your aim and i know that you will

i think that it's time you forgot about
all of your crazy doubts
cuz i'm on your side
i know that you've been hurt
time and again
and i can't deny that i've been on that ride

so You better shoot
to kill
you're the only one close enough

make sure you hit me just
shoot to kill
i'm trusting your aim and i know that you will

i'm seeing behind
those things you find
to put up in front of your heart like a shield
it makes me smile
when you use your mind
to try and deny what your heart wants to feel

You better shoot
to kill
you're the only one close enough

make sure you hit me just
shoot to kill
i'm trusting your aim and i know that you will
just shoot
to kill
you're the only one strong enough
make sure you hit me just
shoot to kill
i'm trusting your aim and i know that you will
