Let me introduce you to what you're been missing
Just dance and work it, I'm on a brand new mission
All the kids in the club are hungry for what I'm dishing
This beat's got heat and so tonight I'm wishing
To get to the floor, so I can get me some more
I wanna put out a toast, to those who freak me the most

I got a feelin' and I just can't let it go
Now I can't stop it baby, let's get physical
Just wanna get up in a good vibration
Now I can feel it in the air

It's gonna be a hot summer
A hot, hot summer
Hot summer, A hot, hot
Gonna be a
Hot summer
A hot, hot summer
Hot summer
A hot, hot
Gonna be a

I need somebody to release this tension
I could only get so far on first impressions
Lets say we make our way to my location
Your bod, your smile, your eyes send me vibrations
Get to the phone
Tonight I'm claiming my throne
You got me into the zone
And now this party is on

I got a feelin' and I just can't let it go
Now I can't stop it baby, let's get physical
Just wanna get up in a good vibration
Now I can feel it in the air

It's gonna be a hot summer
A hot, hot summer
Hot summer
A hot, hot
Gonna be a

Hot Summer
A hot, hot summer
Hot Summer
A hot, hot
Gonna be a

Beach life, convertible
Spot Light, here we go
Roof top, party on
Can't stop, until the morn'

I got a feelin' and I just can't let it go
Now I can't stop it baby, let's get physical
Just wanna get up in a good vibration
Now I can feel it in the air

It's gonna be a hot summer
A hot, hot summer
Hot Summer
A hot, hot
Gonna be a
Hot Summer
A hot, hot summer
Hot Summer
A hot, hot
Gonna be a

Hot summer (I can feel it in the air)
A hot, hot summer
Hot summer (I can feel it in the air)
A hot, hot
Gonna be a
Hot summer (I can feel it in the air)
A hot, hot summer
Hot summer (I can feel it in the air)
A hot, hot
Gonna be a
