Tonight the sky above  
Reminds me how to love  
Walking through wintertime, the stars all shine  
The angel on the stairs  
Will tell you I was there  
Under the front porch light  
On the mystery night

I've been sitting, watching life pass from the sidelines  
Been waiting for a dream to seep in through my blinds  
I wondered what might happen if I left this all behind  
Would the wind be at my back  
Could I get you off my mind  
This time

The neon lights and bars  
And headlights from the cars  
Started a symphony surrounding me  
The things I left behind

Have melted in my mind  
And now there's a purity inside of me

I've been sitting, watching life pass from the sidelines  
Been waiting for a dream to seep in through my blinds  
I wondered what might happen if I left this all behind  
Would the wind be at my back  
Could I get you off my mind  
This time

I've been sitting, watching life pass from the sidelines  
Been waiting for a dream to seep in through my blinds  
I wondered what might happen if I left this all behind  
Would the wind be at my back  
Could I get you off my mind  
This time
