Well take me way up north to meet your Mom and Dad,  
So they'll see that Jonathan ain't quite so bad.  
I wanna be back in your life  
I wanna be back in you life  
Baby baby baby, baby baby baby  
Take me to the fields you used to roam  
So your pal Jonathan can call them home  
When...  
Well, Take me to your favorite covered bridge,  
And the road that leads high o'er the ridge.  
I wanna...  
Gimme a break! Bang Bang!  
Gimme a break! Bang Bang!  
Gimme a...  
Well, show me the saddle and show me the stirrup,  
And then we'll help your daddy when he goes out for  
maple syrup  
I wanna...  
I will wait a long time, if that's what it takes,  
But someday I wanna help your mamma when she  
brings out the pancakes  
I wanna...  
And time's-a-wastin'  
Cuz what once was a puppy is now a dog  
And what once was a piglet is now a hog  
I wanna be back in your life  
I wanna be back in your life.
