God  
No response  
Monstrous  
Under constant movement  
True  
Ultravast  
I retain  
Every moment panic takes

Every precious moment now

And I can't look down upon you  
You have made me feel life

God  
Overwhelmed  
Traacherous  
As my poise is shattered  
Pure  
Retrovised  
I embrace  
Every moment panic takes

Every desperate measure

God  
Retrospect  
Left alone  
But a warm retention  
True  
Ultravast  
I retain  
Every moment panic takes

And I can't look down upon you  
You have made me feel life
