When you get out of the hospital
Let me back into your life
I can't stand what you do
I'm in love with your eyes

And when you get out of the dating bar
I'll be here to get back into your life
I can't stand what you do
I'm in love with your eyes

I can't stand what you do
Sometimes I can't stand you
It makes me think about me
That I'm involved with you

...But I'm in love with this power that shows through in
your eyes

I go to bakeries all day long
There's a lack of sweetness in my life
And there's pain inside
You can see it in my eyes

There is pain inside
You can see it in my eyes
It makes me think about me
That I've lost my pride

...But I'm in love with this power that resides in your
eyes

You live in modern apartments
Well I've even got scared once or twice
Last time I walked down your street
There were tears in my eyes

Well now these streets we all know
They help us cry when we're alone late at night
Don't you love them too?
Is that where you got your eyes?

Oh I can't stand what you do

Sometimes I can't stand you
It makes me think about me
How I'm involved with you

...But I'm in love with this power that shows through in
your eyes

Your world---it is beautiful
I'll take the subway to your suburb sometimes
I'll seek out the things that must've been magic to you
little girl mind

Now as a little girl you must've been magic
I still get jealous of your old boyfriends in the suburbs
sometimes
And when I walk down your street
There'll probably be tears in my eyes

(I knew it would happen)

I can't stand what you do
Sometimes I can't stand you
It makes me think about me
That I'm involved with you

...But I'm in love with this power that shows through in
your eyes

So when you get out of the hospital
Let me back into your life
I can't stand what you do
But I'm in love with your eyes
