I break, I borrow, I live, I loose  
I break, I'm hollowed, I'm dead, confused  
I'll find you

What is love and what's it for  
I'm stuck outside an open door  
And no one's come to get me yet  
I never got a second bet  
I'm welcomed to your fantasy  
If only she was make-believe  
Oh what is love and what's it for?  
Oh take me back and do me more  
Ooh take me back and do me more

I break, I borrow, I live, I loose  
I break, I'm hollowed, I'm dead, Confused  
I'll find you

Once you're here you're never gone  
Oh, once you're here you're never gone  
I fall from in out the cold  
A piece of me that I can't hold  
I love you as I loose you more  
I break outside this open door  
Catch me as I wash away  
Oh, catch me as I wash away  
Ooh, catch me as I wash away

I break, I borrow, I live, I loose,  
I break, I'm hollowed, I'm dead, confused

I break, I'm hollowed, I'm dead, confused  
I'll find you
