You tell me I'm too shy, a bashful sort of guy  
But wait till I get you alone  
I'm bolder than you know, my arms will tell you so  
Just wait till I get you alone

I used to blush and hang my head and stutter and  
stammer  
Even when I tried to call you on the phone  
But love has made me brave and love is what I crave  
Just wait till I get you alone  
Your eyes dare me to try your kisses on the sly  
Just wait till I get you alone  
I'll teach you not to flirt, I'll squeeze you till it hurts  
Just wait till I get you alone

I may seem bashful in the crowd don't let it fool you  
You'll no better when I make your lips my own  
If love is what you need I'm ready yes indeed  
Just wait till I get you alone
