Like to get to know you well

Like to get to know you well

Like to get to know you well

So we can be one

We can be one together

Like to get to know you well

Like to get to know you well

Like to get to know you well

So we can be one

We can be one together

Together we can cast away the fear

Together we can wipe away the tear

Together we can strip down the barriers

And be one

Don't wanna talk about the weather

Don't wanna talk about the news

Just wanna get to the real you inside

Like to get to know you well

Like to get to know you well

Like to get to know you well

So we can be one

We can be one together

Don't you think now is the time

We should be feelin'

Just wanna simply say

Won't let you slip away

People wanna talk about the future

Don't wanna linger on the past

Just wanna reach the real you inside

Forget cold glances and rejections

Leave the things that separate

Build on a trust that we can stand on

Like to get to know you well

Like to get to know you well

Like to get to know you well

So we can be one

We can be one together

Finding all are insecure

Opening the same door

Leaving out a stubborn pride

Seeing from the other side

Like to get to know you well

Like to get to know you well

Like to get to know you well

So we can be one

We can be one together

Like to get to know you well

Like to get to know you well

Like to get to know you well

So we can be one

We can be one together

Like to get to know you well

Like to get to know you well

Like to get to know you well

So we can be one

We can be one together

Like to get to know you well

Like to get to know you well

Like to get to know you well

So we can be one

We can be one together

Like to get to know you well

Like to get to know you well

Like to get to know you well

So we can be one

We can be one together
