"Company"

I'll remember you too clearly
But I'll survive another day
Conversations to share
When there's no one there
I'll imagine what you'd say

I'll see you in another life now, baby
I'll free you in my dreams
But when I reach across the galaxy
I will miss your company

Company
I'll be looking for company
Look and listen
Through the years
Someday you may hear me
Still crying for company

So now you're going off to live your life
You say we'll meet each other now and then
But we'll never be the same
And I know I'll never have this chance again
No, not like you

So, I'll see you in another life now baby,
I'll free you in my dreams
But when I reach across the galaxy
I will miss your company

Company
I'll be looking for company
Look and listen
Through the years
Someday you may hear me
Still crying for company
