I got hook up shit, already bagged up you don't even need pots

Just scream at me if you need some troops

That apply pressure squeeze the juice

And show you how to get your game tight

Keep your hoes in check

How to play your cards right like you know the deck

Keep two bitches, get incredible head from both faces

RC applied the decimal both places

Gangster, walk with a limp I'm paid sonny

I shake look dirty money drip from me

I got a bitch that'll walk the strip for me

Or strip for me, load clips or even fuck my bitch for me

I'm never slippin' without the gat by me

I take it from New York to Miami like Pat Riley

[Red CafÃ© w/ Juvenile harmonizing background]
