Why is it take so long,  
Can't wait to have you, dear  
Cause your love is so strong  
I need you with me here!  
Because just a little love, goes so long, yeah  
It will have you smiling just because  
Even when everything is wrong,  
I got you standing right here, I know it feels good

[Chorus:]

But don't kiss me, no, no, no, don't you kiss me  
Unless those lips that you kiss me with  
Will say I love you, love you for life!  
And don't touch me, no, no, don't you touch me (you  
betta not do it baby)  
Unless you promise that those hands  
Will never wave goodbye!  
Can you do that for me baby?

Promise me that tonight when I hold you in my arms  
Lord knows it feels so sincere  
And your fragrance turns me on  
Can't believe that I am gone when you're near!  
Because just a little love goes so long (yeah)  
It'll have you smiling just because (smiling just  
because)  
Even when everything's wrong,  
Now I got you standing right here  
I know it feels good!

[Chorus:]

But don't kiss me, no, no, no, don't you kiss me  
Unless those lips you kiss me with  
Will say I love you, love you, for life! (I love you for life)

Don't wrap your love, the arms around me,  
Don't kiss my lips unless you love me, baby!  
Don't hold my hand unless I'm your man  
I wanna hear it baby, can you? (I know your ready)

[Chorus:]

Don't kiss me, yeah, no, baby don't you kiss me

Unless those lips of yours, lips of yours  
Will say I love you, love you for life! (for life)  
Oh, oh, don't touch me, oh, no, no, don't you touch me  
yeah  
Unless you promise that those hands  
Will never wave goodbye, goodbye, goodbye  
Promise that tonight
