[Intro]

I just wanna hold you in my arms
Oh oh, oh yeah

All alone by the phone
Waiting on you to call on a busy weekend
Tell me have I seen when I stayed around
Around the town waiting on you to tell me what to do
Cuz I'm happy being with you

Touching you, holding you
Is all I really wanna do
Day and night I just can't get enough
I want you more, and really need
For you to just believe in me
And I'll be giving you all of my love

It's just a wish on my mind
Hoping you'd have the time
When I wanna see you
For something to hold on to
If love is just a silly game
Then I'm a fool that sang for loving you
Still I feel you don't have nothing to prove

Touching you, holding you
Is all I really wanna do

Day and night I just can't get enough
I want you more, and really need
For you to just believe in me
And I'll be giving you all of my love

Maybe on tomorrow
I can show you years tomorrow
If you let me, baby we'll see
And we can get together
We can try to blend forever holding tightly
Then baby we can do what we want to

Touching you, holding you
Is all I really wanna do

Day and night I just can't get enough
I want you more, and really need
For you to just believe in me
And I'll be giving you all of my love

Touching you, holding you
Is all I really wanna do
Day and night I just can't get enough
I want you more, and really need
For you to just believe in me
And I'll be giving you all of my love
