Neither one of us can get to sleep  
'Cause what's on your mind is what's on my mind  
And both of us know we just might regret it, just might  
regret it

And neither one of us can fight the truth  
'Cause you're feelin' me and I'm feelin' you  
And both of us hope that we'll never forget it, no

So we get closer and we touch  
And the feeling gets too much  
No need to hurry, no need to hurry  
No need to rush, no need to rush  
And I'm tellin' you, girl, I'm tellin' you

You're not just givin' it up to me  
I'm not just givin' it up to you  
And since it's what we both want to do  
That's good enough, that's good enough for me, girl,  
yeah

You're not just givin' it up to me  
I'm not just givin' it up to you  
And since it's what we both want to do  
That's good enough, that's good enough for me

Neither one of us can shake the past  
Are we movin' too slow, or movin' too fast?  
It can't touch us now, if we don't let it, if we don't let it

And neither one us wants this night to end  
If forever was now, and time could suspend  
And wishes came true, if we just said it

So we get closer and we touch  
And the feeling gets too much  
No need to hurry, no need to hurry  
No need to rush, no need to rush  
And I say to you, girl, I say to you

You're not just givin' it up to me

I'm not just givin' it up to you  
And since it's what we both want to do  
That's good enough, we can do anything

You're not just givin' it up to me  
I'm not just givin' it up to you  
And since it's what we both want to do  
That's good enough

Oh what we have right here now baby  
Good for me, and it's good for you  
And all we've been waitin' for

Take my hand  
And I'll take you to that special place  
Come with me through this open door

You're not just givin' it up to me  
I'm not just givin' it up to you  
And since it's what we both want to do  
That's good enough, good enough, yes, it's good  
enough

You're not just givin' it up to me  
I'm not just givin' it up to you  
And since it's what we both want to do  
That's good enough, good enough, yes, it's good  
enough

I'm not gonna worry about what others may say or do  
As long as it's me and you, baby  
I'm not gonna worry about what others may say or do  
As long as it's me and you, baby
