Feels like a long sleepless night
And I just can't feel right in my bed
Just talking low on the phone
3 in the morning what's going on
I think it better get right
Chorus
How could you do
Girl I am down on my knees for you
I gave you everything you took it all from me
How could you how
Gotta call from one of my friends
Said that you were being friendly with another
I am not saying that I believe what she said
Something inside is saying he ain't lying
It hurts so bad the truth
I never thought that you .. our relations
Seems I will never be all the man that you need
In your life
Chorus
How could you do
Girl I am down on my knees for you
I gave you everything you took it all from me
How could you how
Chorus
How could you do
Girl I am down on my knees for you
I gave you everything you took it all from me
How could you how

Chorus
How could you do
Girl I am down on my knees for you
I gave you everything you took it all from me
How could you how

Chorus
How could you do
Girl I am down on my knees for you
I gave you everything you took it all from me
How could you how

Thanks to feel
