would you still, love me with your heart
If your hands couldnt touch me, would you still
Would you still play your part
And be a good girl when I'm away
And I will call your phone a thousand times a night
Because I want to believe you baby
Wanna believe that you're at home, alone
Even though it ain't that easy in this long
Long distance love affair, oh yeah
I know your heart beats slow for me
Even though I'm not right there
We still share long distance love affair
Would you still tell them you're all mine
If your hands couldn't touch me, would you still
Would you still make time
Just a little greedy, girl
I'll let it be known, I swear I'll treat you right
And girl I hope you believe me baby
Promise I'll be home alone

Even though it ain't that easy in this long
Long distance love affair, oh yeah
I know your heart beats slow for me
Even though I'm not right there
We still share long distance love affair
Long as you know that when we get together ain't no
going back.Â
Girl I swear distance won't matter.
It was worth the wait now we're together.Â
Long long distance love affair. Oh baby yeah I know
your heart beats slow for me.Â
Even though I'm not right there.Â
We still share this long distance love affair.Â
Oh yeah yeah long distance love affair.Â
Even then I know your heart can't be here
