"Thought You Should Know"

(feat. Lalah Hathaway)

[Verse 1:]

even though im working, alot and sometimes i forget to
tell you (tell you), girl i owe you all that ive got so
everything i have is yours, you're my inspiration to my
love making a lover and a friend, the woman that i turn
to time and time again

[Hook:]

and i just thought you should know, nothing just dont
start for me, untill you walk through the door and tell
me that you care for me, i just thought you should
know, nothing just dont start for me, untill you walk
through the door, and tell me that you care for
me.(yea)

[Verse 2:]

even though were going on for years, everydays a new
day with you (with you), even when my mind is unclear,
i'll take a look at you and smile even without make up
when i wake up beauty to be hold, so intellegent and
confident you've got soo much soul

[Hook: X2]

and i just thought you should know, nothing just dont
start for me, until you walk through the door and tell
me that you care for me,i just thought you should
know, nothing just dont start for me, until you walk
through the door and tell me that you care for me

ooh is what i say when you wear the dress you wear,
heaven is practice on the table, girl am happy cause
you care i'll take you anywhere with me, i know they go
ahh is what they say when you walk into a room, they
show respect cause am with you, they give me a par
tell me am puttin it down, with this lady that i've found
