Tell me why
My mind is moving to places I never thought it'd go
Welcome home
I see new faces, but faces are all I really know

Maybe I'll find a way out of here darling, my dear
Maybe I'll find home away from home, will I ever know?
I can see it

Does it feel like home?
(Does it feel like, feel like, home?)
Does it feel like home?
Will I ever know when it feels like home?

Said, "I don't know where I lost her
Darling, said she'd never leave"
She's crawling up the stairs, I can hear her
She's calling my name and it kills

Maybe I'll find a way out of here darling, my dear
Maybe I'll find home away from home, will I ever know?
I can see it

Does it feel like home?
(Does it feel like, feel like, home?)
Does it feel like home?
Will I ever know when it feels like home?

Does it feel like home?
Does it feel like, feel like?
Come on let me know
Come on let me know

Does it feel like home?
(Does it feel like, feel like, home?)
Does it feel like home?
Will I ever know when it feels like home?
(Will I ever know when it feels)

Welcome home

I never said I'll leave you alone, I'll know

I'm carrying your word till we make it home
