Because I still get a thrill thinking of you

And I still feel your lips kissing me too

Although our love affair wasn't to be

I wonder if you care care about me

I still remember that night under the moon

I recall that it all ended too soon

I can't believe you're gone memories linger on

'Cause I still get a thrill thinking of you

'Cause I still get a thrill thinking of you

And I still feel your lips kissing me too

I can't believe no I can't believe you're gone memories  
linger they linger on

'Cause I still get a thrill thinking of you

'Cause I still get a thrill thinking of you
