Last chance lost--

In the tyranny of a long good-bye

Last chance lost--

We talk of us with deadly earnest eyes

Last chance lost--

We talk of love in terms of sacrifice and compromise

Last chance--

Last chance lost

Last chance lost--

The hero cannot make the change

Last chance lost--

The shrew will not be tamed

Last chance lost--

They bicker on the rifle range

Blame takes aim

Last chance--

Last chance lost
