[CHORUS]

The stars are bright  
The moon is yellow  
But it's this kind of summer night  
That means romance

[VERSE 2]

The air is sweet  
The breeze is mellow  
And every couple on the street  
Is holding hands

And there's a park the trees  
Fireflies and green things  
Birds, bees high up and

[VERSE 4]

I'm a girl  
And you're a fellow  
(I'm a fellow)  
That's what Mother Nature never tires of  
So why not have ourselves a share of summer love

(Well it's the kind of summer night that means  
romance)

[Repeat CHORUS]

[Repeat VERSE 2]

And there's a park the trees  
Fireflies are blinkin'  
Birds, bees...  
Honey I been thinkin'

[Repeat VERSE 4]

(Why not have ourselves a share of summer love)  
Why not have ourselves a share of summer love
