Do u beleive in magic? in a young girl's heart?  
how the music can free her, whenever it starts,  
and itz magic!  
If the music is groovy, and makes u feel happy like an  
old-time movie,  
I'll tell u 'bout the magic that can free your soul,  
but itz like tryin' to tell a stranger 'bout a'rockin' roll!

do u beleive in magic?  
come along with me.  
we'll dancin' 'till mornin' 'till itz just u and me  
and maybe.  
if the music is right,  
i'll meet u tomarrow, sorta late at night.  
then we'll go dancin' baby then u'll see,  
how the magicz in the music,  
and the musicz in me, yeah.  
do u beleive in magic? yeah.

i'll tell u 'bout the magic in a young girlz soul,  
tell u 'bout the magic of a'rockin' roll.

tell u 'bout the magic that can set u free! ooooooh!

talkin' 'bout the magic  
talkin' 'bout the magic!
