## "The Reoccurring Dream"

This is the reoccurring dream  
Born in the dreary gap between  
What we have now  
And what we wish we could have  
More fulfilling and less frustrating

Out of the envy in our eyes  
Look! Glamorous picture, people rise  
Radiant! Gleaming us down  
From screens and pages  
Oh, glamour! Before your very eyes!

Isn't it true, isn't it true?  
Good question! I know!  
Who cares?  
Look here, they tell you  
If you had this, if you had that

Latest styles and colors  
If we had that for us  
Mmm!  
Wouldn't it be fabulous?

If you had that house, car, bottle, jar  
Your lovers would look like movie stars  
Movie stars, movie stars

Order your youth secrets of the stars  
Call now! Just \$9.99!

Our discontent is their delight  
They offer relief for the purchased price  
Love in a bottle, love on four wheels  
Is that our new car, Charles?

Isn't it true, isn't it true?  
We guarantee it  
Pick up your phone and dial  
See here, they sell you  
If you had this, if you had that

I want a new truck!

More power!  
If you use this shampoo  
True love will come to you

If you had that house, car, bottle, jar  
Your lovers would look like movie stars  
Movie stars, movie stars  
Hollywood's greatest legends, movie stars

Recognize this?  
Dreamer  
Soft sexy hair  
Dream on  
He's gonna love me  
In this ruby, ruby lipstick

Others will notice!  
Sexy!  
Who cares?

Recognize this?  
Dreamer  
Latest styles and colors  
Oh, dream on  
Dream on, dream on

The fashion looks  
You've been hoping for  
Sexy, sexy

Recognize this?  
Dreamer  
So special  
Dream on  
We will have happiness  
In Heaven

The place you dreamed  
Of retiring to  
Who cares?

Recognize this?  
Dreamer  
I know that glamour  
Sexy!  
Oh, dream on dreamer

What could go wrong?  
Dream on  
Who cares?

Recognize this?  
Dreamer  
I'm afraid I can't go below two million  
Dream on  
Life would be easy  
If I had that new appliance

Food processors  
For all of us  
Who cares?

Recognize this?  
Dreamer  
There are lots of strings  
Dream on  
We can solve everything  
In science

Naturally  
Science, it's a picture of how to get  
What you want out of life

Recognize this?  
Dreamer  
I love it!  
Dreamer

Isn't there some other way?  
Who cares?
