How far back, can you remember?

Did the ice stop your heart?

Oh wait, that was me,

Oh wait that was me.

I froze to death.

My last words choking your breath.

Do the words "Still Love You" give you security

Bottled up like smoke floating over flames.

I have no soul, no conscience.

Floating for one meaning.

Three words, I left you with

Three words, I left you with

Do the words "Still Love You" give you security

Bottled up like smoke floating over flames.

I left you with one promise.

I hear your heart call my name.

Do the words "Still Love You" give you security

Bottled up like smoke floating over flames
