How far back, can you remember?  
Did the ice stop your heart?  
Oh wait, that was me,  
Oh wait, that was me

I froze to death  
My last words choking your breath

Do the words "Still Love You" give you security  
Bottled up like smoke floating over flames

I have no soul, no conscience  
Floating for one meaning  
Three words, I left you with  
Three words, I left you with

Do the words "Still Love You" give you security  
Bottled up like smoke floating over flames

Do the words "Still Love You" give you security  
Bottled up like smoke floating over flames

I left you with one promise  
I hear your heart call my name

Do the words "Still Love You" give you security  
Bottled up like smoke floating over flames

Do the words "Still Love You" give you security  
Bottled up like smoke floating over flames
