There ain't no doubt the times I'm living in our tough  
Every dollar I make's barely enough  
There's too much month left at the end of my pay  
I ain't no millionaire but I sure got it made

#### Chorus Section

Cause I've got a good wife, who's in it for life  
I've got a sweet little girl who thinks I'm the world  
and I've got a few buddies, that'll be here in a hurry  
and I've got Jesus by my side  
Oh to some I don't have anything  
But to me I've got everything  
I'm the Richest Man Alive

#### Verse Two

The truck I drive to work's gotta thousand to many  
miles  
(but she's paid for man) so I'm going to drive her till  
she dies  
And I don't hang the flag on the biggest house on the  
block  
but my home is full of Love, Solid as a rock

#### Repeat Chorus Section

#### Bridge Section

I bow my head and I give thanks to God for what I've  
got  
He's giving me everything that I'll ever need...

#### Repeat Chorus

#### Final Chorus Tag

Oh to some I don't have anything, but I know I've got  
everything  
I'm the richest man alive
