Moving slow, I'm going nowhere. Can't figure out.
Lost control, I can't stand still,
What were you all about?

Really glad you showed me, beating hearts tonight.
I'm not the one you wanted.
Really glad I told you, I'm dying here tonight.
I'm not the one you wanted.

Scratch the surface with your nails, all bothering with
lies.
Hold my body next to yours, it's comforting inside.

Really glad you showed me, beating hearts tonight.
I'm not the one you wanted.
Really glad I told you, I'm dying here tonight.
I'm not the one you wanted.

Will we laugh again? Wearing yourself thin,
Changing thoughts from yesterday.
Look into my eyes, tell me its alright.
Making blanks from yesterday.

Really glad you showed me, beating hearts tonight.
I'm not the one you wanted.
Really glad I told you, I'm dying here tonight.
I'm not the one you wanted.

(I'll see you)
Will we laugh again?
(I'll see you)
Wearing yourself thin
(I'll see you)
Changing thoughts from yesterday
(I'll see you)
Look into my eyes
(I'll see you)
Tell me it's alright
(I'll see you)
Makin' blanks from yesterday

I'll see you, I'll see you, I'll see you, I'll see you...

(I'll see you)
Gettin' better
(I'll see you)
Getting worse
(I'll see you)
Maybe, later I'll see you.

(I'll see you)
Gettin' better
(I'll see you)
Getting worse
(I'll see you)
Maybe, later I'll see you.

(I'll see you)
Gettin' bad
(I'll see you)
Getting worse
(I'll see you)
Maybe, later I'll see you.
