I knew from the start that you were good for me
I felt it in my heart
I wasn't sure that we could ever be
Pulled apart
No one could write this story
Better than it's coming out
No one could paint a picture
More perfect than it is right now
To me you are so special
I think you are very special
You are my fucking special girl!

I knew from the start that you were good for me
I felt it in my heart
I wasn't sure that we could ever be
Pulled apart
No one could write this story
Better than it's coming out
No one could paint a picture
More perfect than it is right now
To me you are so special
I think you are very special
You are my fucking special girl!

I knew from the start that we were meant to be
I know, you'll be alright
Will you run away with me
I know, you'll be alright
I know, you'll be alright
I know, you'll be alright

All these things you said to me
You could tell me anything

No one could write this story
Better than it's coming out
No one could paint a picture
More perfect than it is right now
To me you are so special
I think you are very special
You are my fucking special girl!

Girl, yeah yeah! Yeah! Yeah! Yeahhhhh yeah
