I still miss you  
And it makes me feel blue,  
And I'm lost  
Without those colours of you.  
I can't think straight  
I just wanna be.  
Wherever you are  
When your not here with me.

Blend with my blue  
Those colours of you.  
Please help me  
See it through ooh.  
This journey I must  
Take all alone.  
I blend my blue  
In those colours of you.

I lay down and cry  
And the rivers are dry,  
Oh, to unveil my heart  
When you kiss me goodbye.  
And when you set sail  
Fair winds... all the way.  
So, farewell  
That's all I can say.

Blend with my blue  
The colours of you.  
Oh, please help me  
See it through ooh.  
This journey I must  
Take alone.  
Oh, so just blend your  
Colours with my blue.

And I know  
I'll find my love tonight  
I can feel you reaching out  
I got this feeling deep inside  
It's in my head  
It's in my heart.  
I know  
Your love tonight  
And I know  
You'll be by my side.  
I know  
You'll help me see it through.  
Blend your colours  
With my blue.
