Sailing on this motorway tonight  
Thinking I might drown if the waves aren't right  
Wind pushing me from side to side  
And I'm thinking of what I had

How if I broke my legs and I broke my head,  
Even after all the things we've said  
You'd still be there by the side of the bed  
Waiting for me to breathe

You're my sweetheart  
You're my sweetheart  
And if I never see you again  
Just want you to know what I think

Sammy took me out for a walk in the park  
And as the dogs ran round the track's lights lit up  
People running round in their shorts in the rain  
Again and again

He said "You can come back tomorrow, you know you  
can."  
I said, "You know I don't wanna do that, man."  
So he told me he loved me and he shook my hand  
Now I'm waiting, shaking in my van

Thinking that you're my sweetheart  
You're my sweetheart  
And if I never see you again  
I just want you to know what I've said

'Cause we got so far to go  
Are we gonna get by?  
I can hardly see the road,  
But I'm gonna try  
Yeah but I'm gonna try

'Cause you're my sweetheart  
You're my sweetheart  
And if I never see you again  
I just want you to know what I think

Whether we're together in a knot or not  
Is small beer compared to what we got  
So don't smoke yourself to death or I'll be the one  
Who'll always be there if you've got to run  
Yeah, I'll be there if you've got to run
