I left my problems outside
They're not gon' bug me tonight
Thank God I'm in here with you
I think I'll turn off the phone
I'll call them back in the morning
You know what we came here to do

'Cause, I didn't come here tonight
To find me a boyfriend
I didn't come here tonight
To fall in love
I just came here tonight
To hand out with all of you
So let me know if there's anything that you need me to
do

Time to get ready
I think you ought to know
'Fellas, it's not about the money
It's all about the fun
Ladies, let's all go crazy
It doesn't matter how
Come on, just come on
Come on and join me to the dancefloor
I know you know he knows she knows we all know
What we came here to do
I know you know he knows she knows we all know

I left my problems outside
They're not gon' bug me tonight
Thank God I'm in here with you
I think I'll turn off the phone
I'll call them back in the morning
You know what we came here to do

Time to get ready
I think you ought to know
'Fellas, it's not about the money
It's all about the fun
Ladies, let's all go crazy
It doesn't matter how

Come on, just come on
Come on and join me to the dancefloor

I left my problems outside
They're not gon' bug me tonight
Thank God I'm in here with you
