Nananana...

Ooh you take away the lonely pain  
Oh yeah and you help me rise above the flame uh huh  
I've been so lost baby now  
I'm found since you've been around  
I never dreamed that someone could see that knew  
who  
I was knew all that  
I could be only your love can make me believe  
I can be somethin more so much more than me

Ooh i hardly recognize myself  
And i know that i'd be lost without your help  
I feel a promise of a brand new day and now  
I wake up  
And i say i never dreamed that someone could see  
That knew who i was knew all that i could be only your  
love  
Can make me believe i can be somethin more so much  
more than more  
Than any man has ever been now i feel like  
I'm alive again (there's)  
Nothin in this world that  
I can't do everyday that goes by i'm livin my life for you  
nanana  
I never dreamed that someone could see that knew  
who  
I was knew all that i could be only your love can make  
me believe  
I can be somethin more so much more than me

Ooh i hardly recognize myself  
And i k now that i'd be lost without your help  
I feel a promise of a brand new day and now  
I wake up and i say i never dreamed  
That someone could see that knew who  
I was knew all that i could be only your love can make  
me believe  
I can be somethin more so much i never dreamed  
That someone could see that knew who i was knew all  
that i could be  
Only your love can make me believe

I can be somethin more so much more than me

Oooh i hardly recognize myself and  
I know that i'd be lost without your help  
I feel a promise of a brand new day and now i wake up  
and i say i never  
Dreamed that someone could see that knew who  
I was knew all that i could be only your love can make  
me believe  
I can be somethin more so much more than me so  
much more than me
