Couldn't wait to leave but now I have to go
Last day of camp, packing my bags slow
Made so many friends why does it have to end?
In the end it's a win because we grown so close
together

Remember when we first met, first day
Figured this would be no fun, no way
And now it time to leave, but now we wanna stay
Stay, stay, stay, stay, stay

Hasta la vista, I'm a gonna say goodbye to you
Whatever happens I'll be cool with you
Wanna give me your number? I'm a call ya
Promise I won't forget ya

Hasta la vista, we'll all be going separate ways
Say everything you didn't say
This is your moment before you go
Come on now, get up and show them

Keep doing your thing, thing, thing
Keep doing your thing, thing, thing
And I'm a do my thing

There's so much inside of me
There's so much more I just want to be
All the things I've seen obviously I'm inspired
Got love for all the friendships I've acquired

Everybody put a hand up, put a hand up
Hey, hey, hey
Everybody put a hand up, put a hand up
Hey, hey, hey

Hasta la vista, I'm a gonna say goodbye to you
Whatever happens I'll be cool with you
Wanna give me your number? I'm a call ya
Promise I won't forget ya

Hasta la vista, we'll all be going separate ways
Say everything you didn't say

This is your moment before you go
Come on now, get up and show them

Keep doing your thing, thing, thing
Keep doing your thing, thing, thing
Keep doing your thing, thing, thing
Keep doing your thing, thing, thing

Hasta la vista, I'm a gonna say goodbye to you
Whatever happens I'll be cool with you
Wanna give me your number? I'm a call ya
Promise I won't forget ya

Say everything you didn't say
This is your moment before you go
Come on now, get up and show them
